Annual Report

Year ending 30th June 2017

**Annual General Meeting of
Robertson Shed Inc
Thursday 14 December 2017 5.00pm
CTC@Robertson 58-60 Hoddle St Robertson**

AGENDA

1. Attendance
2. Apologies
3. Minutes of the 2016 AGM
4. President's Report
5. Treasurer's Report
6. Manager's Report
7. Sub-Committee Reports
 - a. Community Information Centre Sub-Committee
 - b. History Preservation Group Sub-Committee
8. Presentation by President of the Robertson Men's Shed Inc
9. Election of Office Bearers and Committee members
10. Any other business
 - 10.1 Confirmation of signatories and public officer
 - 10.2 Other business
11. Close of meeting

Robertson Shed Inc.
Annual General Meeting
Thursday 17th December, 2016 at
CTC@ Robertson, 58-60 Hoddle St, Robertson NSW

Minutes

Meeting opened at 5.18pm.

Chair: Jenny Kena

Minutes: Jenette Stiles

- 1. Attendance:** Anna Williams, Tony Williams, Jenny Kena, Gary Norwell, Doug Pritchard, Allan Stiles, Naomi Janzen, Neil Harvey, Tony Fisk and Jenette Stiles.
- 2. Quorum:** There being more than five members, a quorum was present.
- 3. Notice:** The required notice for the meeting had been given.
- 4. Apologies:** Karen Mewes, Renate Birch, Debbie Short, David Murphy, Pip Hammond, Jill Taylor and Don Dyer.

5. Minutes of the last AGM – December 2015

The minutes of the previous AGM in December 2015 were read and moved at the meeting by: Gary Norwell and seconded by Doug Pritchard.

6. President's Report. The President (Jenny Kena) presented her report. Key highlights: Special thanks to Karen Mewes, the Manager for her work, and delivery of excellent service to our clients. A special thanks was also given to Belinda Green, Debbie Short and Sheila McInnes, Bea Botvinik for restarting the film afternoons, David Murphy for setting up Art Shows in the Centre as well as other volunteers who have given their time during 2016. A special thank you to Anna Williams for her eight years as a member of the committee and assisting Tony with the film afternoons as well as other tasks. Anna has resigned from the committee but will still be a volunteer when time permits. A presentation was given to Anna in appreciation of her work. Thank you again Anna!

Jenny also mentioned that the CTC has also received support from the following organizations with monetary gifts as well as cleaning up the gardens at the CTC : The Diggers, The Wingecarribee Shire Council (Our Villiage our Future), Veolia Mulwaree Trust, Robertson Garden Club (Open Gardens donation), REPS, Robertson Show and local businesses who support the Robertson News.

The President's report was moved by: Allan Stiles and seconded by Naomi Janzen.

7. Treasurer's Report: The Treasurer's report was tabled. Doug acknowledged the support of Debbie Short, Karen Mewes and Jenny Kena.

The Treasurer's report was moved by Jenny Kena and seconded by Tony Williams.

8. Manager's Report: In the absence of the Manager, Karen Mewes, Jenny Kena spoke to the Manager's Report. Some key points mentioned by Karen: Keith Mewes provided IT support at no charge when problems occurred. The CTC has been used by a couple of community groups. Seniors classes went very well.

The Manager's Report was moved by Jenette Stiles and seconded by Anna Williams.

9. Community Information Board Report: The report by Don Dyer was read and an overview given by Jenny Kena. The project had just received a \$20,000 grant. Crowd funding will now be set up. The report was moved by Gary Norwell and seconded by Naomi Janzen.

10. Robertson History Preservation Report: Doug spoke to the report. A grant was received from the Wingecarribee Shire Council. Computer and software has been purchased and Sarah Tahourden is assisting Doug with the setup. More volunteers are needed. The report was moved by Jenny Kena and seconded by Allan Stiles.

11. Election of Office bearers and Committee members:

The chair was vacated and all positions declared vacant. Neil Harvey presided as Returning Officer.

The result of the election were as follows:

President	Jenny Kena
Vice-President	Renate Birch
Treasurer	Douglas Pritchard
Secretary	Jenette Stiles
Committee	Naomi Janzen Gary Norwell David Murphy

12. Other business:

12. 1 Confirmation of the signatories and public officer.

Signatories: Jenny Kena, Doug Pritchard, Debbie Short and Renate Birch
The Public Officer was confirmed as Jenny Kena.

12.2 Doug Pritchard mentioned an owner of a new business in the village who would like to be involved in community events.

13. Meeting closed at 6.07pm.

Next CTC Committee Meeting on Thursday 19th February, 2017 at 5pm.

Robertson Shed Inc 2017 AGM PRESIDENT'S REPORT

In my report I would like to acknowledge the many people and organisations that have contributed to the continued operation of the CTC@Robertson. The CTC Manager's report by Karen Mewes covers the events, projects and programs that the CTC has been involved with during the year.

There are many people and organisations to thank for their contributions in 2016-2017.

Our staff – Our Manager Karen Mewes who has continued to develop and deliver the quality training courses that are so essential to the core business of the CTC. We are indeed fortunate to have a Manager who is a committed and experienced trainer with a particular skill in giving confidence to those completely new to technology. In addition, Karen continues to manage the day-to-day operations of the CTC in a professional, efficient and friendly manner and within the limited resources available. Karen also regularly volunteers her time above and beyond her paid hours and this is acknowledged with great appreciation.

Our Volunteers – the CTC could not operate without the contribution and commitment of the people who volunteer for various tasks and projects. As I have already mentioned Karen is also one of our volunteers and there were many others in 2016/7 who assisted with - Customer service (IT help and business support), Gardening, the Cinema program, Training, Café, Catering and Events, Web maintenance/Facebook, Robertson News, IT support, Building maintenance, and other general assistance. I would particularly like to acknowledge –

- Debbie Short for all her work on the bookkeeping
- Our cinema coordinator Bea Botvinik for providing the cinema series throughout the year
- Marion Tyree for assisting with the layout of the Robertson News
- All the partners of staff, committee and volunteers who lend a hand in various ways!

Our Committee

The Committee – Renate Birch, Jenette Stiles, Doug Pritchard, Naomi Janzen, Gary Norwell, Debbie Short. - has met monthly during the year, helping to steer the CTC through its many and varied roles.

Our Sponsors

Wingecarribee Council provides an annual subsidy of \$10,000 towards the operation of the CTC. This subsidy is very much appreciated.

We also appreciate the assistance of the Diggers Military Motor Cycle Club with lawn mowing.

Our Grant providers – in 2017 program we received a grants from Council's Wingecarribee Community Assistance Scheme and the Clubsgnants to update our computers. We also received a grant for computer training from Community Underwriters Insurance and from the Clubs. Argyle Community Housing were successful in a grant to engage the CTC to provide training for people on low incomes.

Our Community supporters, partners and customers - Other community organisations who have supported us or worked with us include the Robertson Show Society, Robertson Environmental Protection Society (REPS) and Robertson Garden Club. Of special mention is the continuing partnership with the Robertson Open Garden Weekend organized by the Robertson Garden Club. **The generous donation of \$5500 we received in November 2017 as a share of the takings was very gratefully received.** This will contribute towards our operating costs and amongst other things will allow us to continue to provide training to community members at a subsidised rate. We always enjoy being involved in the Robertson Show and appreciate the donation received as a result of our assistance with the Pet Show.

Our other Customers – including local businesses, and the individuals who have used our services. Of special mention is the support of businesses for the Robertson News.

Partnerships

Robertson Community Information Centre – I have been very pleased to continue to work with Don Dyer and the CIC Sub-Committee throughout the year on this significant community project. Don will provide a detailed report on progress and we look forward to finalising arrangements to support the ongoing maintenance of this new community facility. This will include working in partnership with the Robertson Rural Fire Brigade in maintaining the electronic noticeboard, managing the paper based community noticeboard within the Centre and working in partnership with the Robertson Mens Shed in regard to the physical maintenance. The project has attracted large amounts of volunteer assistance as well as financial contributions from local community members and grant funding.

Robertson Mens Shed – this year we were delighted to be approached by a group of men interested in working in partnership to establish a Mens Shed in Robertson. John Kennis, the President of the now incorporated Robertson Mens Shed will provide a report on their significant progress. We have been very pleased to assist by providing a venue for general meetings as well as entering into a Memorandum of Understanding for the group to operate from the CTC on a fortnightly basis. It is wonderful to see the CTC being used for this new purpose. We have also provided in principle support for a Mens Shed building to be built adjacent to the CTC pending relevant approvals. In the meantime, we are pleased to have a little shed installed by RMSI to house the barbecue and allow it to be more easily shared with other community groups including the Diggers Military Motorcycle Club.

Robertson History Preservation Group – the group coordinator Doug Pritchard will provide an update on this group.

Robertson Calendar – we have also been very pleased to support Quentin Waters in reviving the production of the Robertson Calendar and appreciate the donation of \$1000 that has been offered in return.

Artists and Makers Shed – we also assisted this group by auspicing a grant application for them to the Wingecarribee Community Assistance Scheme for the purchase of printing materials.

The CTC will be taking a break over Christmas and in the New Year the new committee will be meeting to plan for the challenges and opportunities ahead.

Jenny Kena, President

Robertson Shed Inc., ABN 94 740 661 498 - Annual General Meeting

ANNUAL REPORT FROM THE TREASURER

The financial statements for the Robertson Shed trading as The Community Technology Centre for the year ended 30th June 2017 are annexed hereto:

NOTES TO AND FORMING PART OF THE BALANCE SHEET AND INCOME AND EXPENDITURE STATEMENT;

Note 1 - Audit of the Accounts: The Robertson Shed Incorporated is categorised by the NSW Dept. of Fair Trading as 'Small' or 'Tier 2 a Small Not For Profit Association', having an annual turnover of less than \$250,000 and as such it is not required to submit annual audited accounts. It is, however, required to lodge a summary of the annual performance with the Department of Fair Trading after the AGM. We are also required by our Constitution to present the members at the AGM the financial statements for the year.

Note 2 - The accounts and financial records have been maintained on a cloud-based version of MYOB. This platform provides a comprehensive format for accounts presentation, which is a great tool for managing our financial performance. The committee meets monthly in order to review the accounts. Financial disbursements are made via two signatories thus ensuring proper internal controls.

Note 3 - Our positive trading result this year has been positively affected by: a) fairly full year of IT classes. Our Manager, Karen pushes hard to ensure that class sizes are maintained at near capacity.

b) fairly full sequence of art shows

c) support from the Garden Club

d) various music performances

e) ongoing rental from our spare office

Note 4 - Recently, the committee have approved a partnering with the Robertson Men's Shed. We believe that this collaborative partnership will provide many benefits to both organisations.

Finally, I wish to acknowledge the unswerving support of some key people within our organisation. Firstly, our President, Jenny Kena, who devotes her time tirelessly to our ongoing success. Karen Mewes, our Manager, is the 'glue' that keeps the CTC viable and functioning ever so well. But most of all, I wish to gratefully acknowledge the tireless commitment and effort put in by our volunteer book keeper, Debbie Short. And finally, the many volunteers, including committee members without whom we would not prosper.

Treasurer,

Doug Pritchard, FCA, JP

Managers' Report - Annual General Meeting – 14 December 2017

Building Repairs and Maintenance

Flooding, following flood water entering the main café area via the doors, some work has been carried out to mitigate the problem with further work possibly needed. Thanks for Ross Brumfield for coming to our assistance with a pump and for advice and flood prevention work.

The floor covering the café area is showing signs of age possibly exacerbated by the flooding, when a suitable grant comes up we may need to look at replacing this.

Thank you to Gary for organising the heaters to be attached to the wall, this is much neater and safer. Whilst carrying out this work electrician, Robert Handley, also altered the lighting in the training room so that some lights can be turned off, as well as saving power this assists with using the projector for training.

New curtains and cafe chairs were purchased for the cafe area with a grant from the Veolia Mulwaree Trust.

We are grateful to the Diggers Military Motor Cycle who continue to mow the lawns for us and Debbie for her work on the gardens.

Computers and Computer Maintenance

We were successful in grant applications for new computers from Wingecarribee Shire Council and from Clubs NSW. 2 computers have been purchased from each grant.

Problems with our network were caused by one of the two switch boxes being faulty, we are currently managing with one box. This means some of the ethernet sockets are not connected however we have sufficient to work with.

Computer maintenance has been ongoing, with assistance from HighComm Pty Ltd (at no charge).

Volunteers

Volunteer numbers have been steady this year with Penny, Mason and Sheila having regular shifts, plus extra assistance from Lachlan and Piper when they were available. Many thanks to these people who really enable the CTC to keep running each week. Mason will be leaving the area at the end of this year after 2 years as a reliable volunteer, sorry to see him go but wish him the very best for his new endeavours. This will leave us short of volunteers.

Work Placement

I have been working with a couple of Rehabilitation companies to provide computer and business training to their clients who have been injured in a workplace and now need to retrain for different work. I also offered the CTC for work placements which are a part of the rehabilitation program. We have had one person assisting at the CTC

for 4 weeks under this program. The Rehabilitation company feels that the benefits to the person in terms of skills and confidence gained have been very worthwhile and are proposing a JobCover Placement for up to 12 months. Whether it goes ahead will be up to the insurance company.

Events & Venue Hire

Several small community groups are now using the café to meet including: Wuka Plukas, Home Schoolers Group, Choir, Tracks and Trails, and we are very pleased to welcome the new Robertson Mens Shed.

These groups meet on the basis of no charge if during our normal opening hours (other than purchasing coffee) or by becoming volunteers, opening the centre to the public and selling coffee etc. For those meeting outside our opening hours there is a fee of \$3 per person.

The Training room was hired by Southern Tablelands Arts to conduct website training for artists.

Robertson Open Gardens - October

The CTC was open all weekend as the base for open garden ticket sales and information. This was again a very successful weekend and our busiest weekend of the year. The CTC appreciates the donation from the Garden Club out of their takings for the weekend and would like to thank all volunteers both our own and the Garden Club for their work with this event.

Equipment Hire

Tag Reader – hired out a couple of times

PA – Hired by the Church occasionally

Data projector was hired by a volunteer for a family celebration.

Chairs occasionally hired by committee member.

Business Services

The CTC has continued to print the Robertson Environment Protection Society newsletter.

A small number of people have been making use of coffee and WiFi, photocopying and other business services. Some of these people are now regulars, the income from this is very small but it is appreciated by those who don't have these facilities at home or require assistance.

Computer Training

Classes have been run every Friday during term time with all manuals and courses written by the trainer / HighComm at no charge to the CTC.

A grant from Community Underwriters enabled a series of low cost classes especially looking at security and privacy when using technology.

All full cost courses went ahead though some were discounted in order to fill them. Offering a discount for booking multiple courses has proved popular. Feedback from all courses continues to be excellent.

In conjunction with Argle Housing, we have run the first of 2 blocks of 6 weeks training for people on low income. All training was planned and provided by the CTC as part of a grant obtained by Argyle Housing. These classes were run on a Thursday morning with the 2nd block to be run next year. These classes were fully booked and feedback again excellent.

One on One training and assistance has been ongoing as required.

Seniors Week

Due to changes to the criteria for Seniors Week funding we applied for a grant individually rather than through the Association. The advice from the association was that no funding would be given to technology classes or activities that had been run in previous years. Whilst we were successful in obtaining a grant the changes needed to meet the funding requirements meant that we had only a few people attend. This was disappointing after a record year in 2016. It should also be noted that we had people asking for our usual Seniors Week classes and the only one of our events with a large number of people attending was actually a talk on technology.

Other activities 2016-17

Art

Many thanks to David Murphy for his time as Art Coordinator. David planned several very well attended exhibitions and good numbers of art sales. These exhibitions demonstrated the importance of holding an "Opening" event as nearly all sales were from these functions. Especially noticeable where one artist had previously exhibited with only a couple of sales but with an Exhibition Opening sold many paintings.

The position of art coordinator is currently vacant, however we have a couple of exhibitions planned where the artist will do much of the coordination and planning themselves.

Cinema

Thanks to Bea for running monthly cinema screenings. Also a thanks to Jenny and Gary who have been on duty for each session (along with other volunteers), we appreciate that this has been quite a big commitment.

Robertson News

The CTC continues to publish the Robertson News with the assistance of a volunteer editor and others. The printing is usually done offsite through Pheonix Publishing.

CTC has continued to public the Robertson e-news.

Finally, on a personal level, this had been a challenging year for me and I would like to thank the volunteers, committee and President for all their support.

Karen Mewes

Report from The Community Information Centre Sub Committee of the Robertson Shed Inc for the Year Ending 30/6/2017

It is with the CIC Committee's satisfaction that I write this report on its behalf. The financial year began with high hopes of starting construction of the CIC early in 2017. However a key position (that of Project Contract Manager) had to be put in place. Until this was done Council permission to proceed could not be given. After several months of trying to get a local person it was agreed we had to start again.

Fortunately a local builder (Ray Foster) volunteered and the project moved on quite quickly from there. Peter Campbell (the Designer) and the structural engineers finished their work and a submission was made to Council for approval to construct. A DA was not required as the *CIC site* is on Council land. Approval was obtained in August 2017 and the building process started in September.

Fund raising continued throughout the year and at the time of writing some \$80,000 has been raised. Twenty local businesses and organizations donated \$15,050 earlier in 2017 and several grants have been received. Robertson Fire Brigade has also made a significant donation as partner with us in the financing of the main electronic information board. Council donated \$22,200, a Federal Government Grant through Stephen Jones totalled \$5000 and \$10,000 came through Pru Goward. Veolia Mulwarrie Trust also donated \$11,663. More recently Robertson Environment Protection Society obtained a \$10,705 grant from the Veolia Trust which they will pass on to the CIC.

One of the outstanding aspects of fund raising for the project has been the contribution of volunteers – all of whom will be recognized on a board on the completed site. These included:

- Ray Foster _ Project Contract Manager and donor of the poles
- Boral Cement Berrima – Concrete
- Terry Allen – Installation of the poles
- Dan Thomas – Landscaping
- John Baker Beale - Block laying
- Brendhan Waters and sons Caleb and Chris and Quentin– Electrical and Wi-Fi work.
- Ross Brumfield – Excavation
- Deb Short -Accounting
- Jan Giblin- General advice and assistance -
- Helen Tranter and Leon Hall-History Reseach
- Robertson Men's Shed.
- The CIC committee (J Kenna, D Dyer, N Harvey, P Glass, I Wallace, S Chowdhury , T Smith)

Whilst he is a contractor to the CIC we cannot but acknowledge with gratitude the extra effort put in by the winning designer Peter Campbell. Always available, always helpful and a nice bloke to work with.

Finally we are hopeful of completion of the project towards the end of this year or early in 2018.

When done, a formal opening ceremony will be held. This will allow us to honour all of those people and organizations that have contributed to the building of The Robertson Community Information Centre.

D Dyer

Report from the Robertson History Preservation Group 2017

The RHPG is a group of interested historian enthusiasts who determined in 2016 that, as a community, we should ensure that wonderful recorded history of our village and environs, should be preserved in perpetuity for the benefit of our community both existing and future, and for others who have an interest in story about our precinct and the pioneers how made it happened.

In 2016, we successfully applied, for a community grant from council to acquire the necessary equipment in order to be able to digitally record maps, records, letters and old photos of our pioneering citizens and forbears. The necessary equipment to enable this project, included state of the art computers, and scanners and software was acquired. The enabler with this task was Sarah Tahourdin, who is part of our local community, and whose professional background, mainly centres around digital recording of data. And so, her expert assistance must be gratefully acknowledged here. Earlier in the year, we held a public meeting of all of the interested parties and we received a very comprehensive demonstration by Sarah as to how the system operates.

We have been offered some interesting assignments. The first is a contemporary project created by a retired teacher from Gerringong who has devoted the last ten years of his life recording in great detail, the history of the Missingham and Hoddles tracks leading from Robertson down along the escarpment and Saddleback Mountain, then descending to Kiama to the port there, which was originally used to transport produce grown in Robertson, to Sydney. We are privileged to have been offered this project and our thanks go to Hope Waters who managed to cleverly steer the author to our group.

And so we are looking forward with enthusiasm advancing this and future projects, which may come along. And we are hopeful that other (senior) members of our community may be encouraged to tell their story and allow us to preserve their information in perpetuity for the benefit of those that follow us into the future.

So there is much more work ahead, and volunteers are needed,

Doug Pritchard,

History Preservation Group Convener.

THE ROBERTSON MEN'S SHED INC - annual report 14th December 2017

The men's shed was established and incorporated in August this year, with the objective to provide a place for men to gather, talk and meet other men of the community.

We have 22 registered members who have paid a membership fee and they are all keen for the shed to continue and grow.

We have had 3 gatherings on a Tuesday the 24th October , Tuesday the 7th November and Tuesday the 21st November, with each meeting there were 10 to 15 members in attendance.

We have in this time provided some support to the CTC by carrying out minor maintenance works and the establishment of a garden shed.

We have also provided some volunteer work to the new Robertson information Centre.

Our vision for the next twelve months is to establish a shed and provide a workspace for our members. We will also be supporting community and have a number of informative health lectures that concern men.

We are going to have a number of fund raising events that will help in providing funds to establish the shed.

We are looking to a bright future and hoping to gain more members.
